

Snorkeling Safari at the Zingaro Reserve

Do you have a great desire to explore our coasts but don't want to commit to a diving course? Do not worry, thanks to the presence of a trained guide on board, it will be possible to snorkel and recognize some species of Mediterranean **fauna** and **flora**, immersed in the wonderful nature of the **Zingaro Reserve**.

	Meeting Point	Port of Castellammare del Golfo
	When	Every day
	Time	4 h
	shared	max 12 people

Departure from the port of **Castellammare del del Golfo** with destination Zingaro; Reserve; during the excursion 4-5 stops will be made to allow the group to swim.

In addition to providing fins and a mask to each participant, a real challenge will be organized on board where, thanks to the use of a manual, the guide will present some of the species of marine flora and fauna that can be encountered during snorkeling.

It will be up to the guests to "find them", showing them, why not, to the rest of the group. There will be moments of relaxation where it will be possible to taste local fruit and wine.

WHAT WILL YOU DO

- Stop in the most beautiful coves of the coast for swimming and snorkeling
- You will challenge other participants in search of marine flora and fauna species that can be encountered while snorkeling
- Moment of relaxation with tasting of local fruit and wine
